

Introducing... 

MOBILE CONVENIENCE

- Access balance information anytime, anywhere via your smartphone, tablet or the Internet
- Use GPS to locate nearby ATMs

FRAUD PROTECTION

- Receive immediate alerts to potential fraudulent activity:
 - A debit purchase for more than an amount specified in your Alert Settings
 - Any card-not-present debit transaction (telephone orders, Internet orders, mail orders, etc...)
 - Any suspicious or high risk transactions that occurs on your account
 - Any international transactions

Early warning is the key. When you are aware of suspicious activity immediately, it can reduce your fraud risk and save you time and money!

INSTANT TRANSACTION CONTROLS

Our transaction control feature gives you more control over your account. You can instantly pause your card, without affecting any previous transactions, if your card is misplaced or stolen. This allows you to block and unblock your own card 24/7!

The fast and simple secure feature increases safety. It not only gives you peace of mind but also saves you money by not having to replace a card found a few days later just misplaced.

CONVENIENT ATM LOCATOR

Locating an ATM has never been easier! GPS technology has been integrated into the Shazam Bolt\$ app. No matter where you are traveling, you will be able to locate the nearest ATM, confirm if it's a surcharge-free Privileged Status terminal and get directions!
